

I object to the expansion of LPFM stations that may degrade or deny access to Radio stations that use translator services, such as K-LOVE Christian radio stations. K-Love is Christ centered programming that encourages and uplifts people who hear it. If K-Love was displaced by a LPFM broadcaster, it would leave a vacuum for encouraging music and content in a time when it is very hard to find something that is wholesome. I would appreciate your consideration of those who would be affected by this decision to Expand LPFM. K-Love is of public interest because it provides hope to people who may not otherwise have it. Thank You.
